BANK ROBBERY BILL PASSED BY THE OKLAHOMA SENATE

Oklahoma City, Feb. 3.—Hot words upon the floor of the senate and subsequent apologies in the committee room were incidents of the Tuesday afternoon session of the senate as a result of a tilt between the lieutenant governor and Senators Davis of Sapulpa and Tucker of Ardmore.

The trouble came during the consideration of the now famous "bank robbery bill" when it came before the senate on a report of the conference committee for final action. The merits of the bill were not even involved and the legislators lost their temper purely over the construction of the senate rules and the parliamentary procedure that was being followed by the lieutenant governor.

Senator Davis as chairman of the conference committee had made the report, the bill had not been engrossed nor re-written since it came from the house and the reading of the bill in its final and amended form was called for preceding the vote that was to be taken upon its final passage. The reading clerk attempted to read the bill from the various pieces of paper with which he had been supplied by the committee report. The reading was difficult and the result of it was unsatisfactory to a number of the senators who insisted that the reading be more complete and satisfactory. The lieutenant governor called the attention of the senate to what he termed the loose and unconstitutional manner in which they were handling bills, and suggested that the bill be sent to the engrossing department to be put in proper form.

Senator Barrett made the point of order that the bill under consideration was a house bill and that it had no business in the engrossing department of the senate. His point of order was held not to be well taken, and for the first time during the present session of the legislature an appeal was taken from the ruling. By a close vote the chair was sustained in his ruling and he then ordered a roll call upon the final passage of the bill.

Here was where the trouble started. Senator Shaw insisted upon the reading of the bill. Senator Davis made some remarks about his honor having been impugned and made a few steps forward, shaking a clenched fist at the lieutenant governor. Senator Tucker was on his feet with his long index finger pointed at the eye of the presiding officer and informed him that he would not be railroaded into voting upon something he had not heard read and did not understand. The lieutenant governor hammered the table for order and the flashing eye and the almost colorless face plainly indicated his anger.

Order came out of the chaos, and peace was restored when the reading clerk informed the chair that he had the bill in such shape that he would be able to read it. The bill was read, the vote taken and with the faces of a majority of the senators wreathed

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache and stiffness right out with a small trial bottle of old "St. Jacob's Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints.

in smiles the troublesome "bank robbery bill," so far as the legislature is concerned, became a law. It is now ready for the signature of the governor. The cooling spell that was brought about by the senate going to committee of the whole, with Senator W. J. Risen in the chair, provided an opportunity for some private meetings in committee rooms during which apologies were offered and accepted by all concerned and when the senate adjourned, the white-winged dove of peace was wielding her usual scepter of power.

New Bills in House.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

the house, relates to the admission of attorneys-at-law to practice in the courts of Oklahoma.

Senate Bill No. 304—By Thomas, appropriates \$16,000 for the salary and incidental expenses of the department of the state fire marshal for a period of two years.

TEXAS CATTLE BARRED FROM OKLAHOMA

OKLAHOMA STATE BOARD OF AGRICULTURE PLACES STRICT QUARANTINE ON CATTLE FROM TEXAS AND NEW MEXICO.

Oklahoma City, Feb. 3.—By orders of the state board of agriculture, Oklahoma became practically isolated Tuesday from the rest of the United States, insofar as the cattle industry is concerned. Keen apprehension of danger following the latest outbreak of the dread hoof and mouth disease led the board, on recommendation of President Frank Gault, to establish a rigid quarantine against every state in the union save Texas and New Mexico.

Similar orders followed each other in rapid succession during the fall and early winter of 1914, but none was so sweeping as this final one. In it, all railroads and other transportation corporations are instructed to "bring no sheep, cattle or other ruminants, or swine, originating or being in any state, save Texas and New Mexico, across the Oklahoma border."

The number of states included in former quarantines was considerably smaller.

Considered practically subdued by federal authorities most active in the fight against it, the stock malady has, according to official reports received here by the agricultural department, broken out with alarming strength in several counties of Kansas.

Extreme Measures.

President Gault of the "aggie" board declared he believed lax quarantine measures and slack enforcement of such orders as were issued to be chiefly responsible for the unsuccessful fight that has been waged against the outbreaks. He asserted that the strictest quarantine would be observed in Oklahoma until the disease was thoroughly wiped out. Explaining his stand, Mr. Gault said: "I have always contended that the quarantine regulations were too lax to successfully aid in the stamping out of this dread disease."

"This disease originated, it is reported, in South America, and was introduced into this country in hides shipped to a tannery in Michigan. The oxen working at the tannery contracted the disease and were shipped to Chicago. The distribution of stockers from Chicago scattered the disease over Illinois, Indiana, Ohio, Kentucky, Iowa, and Wisconsin."

"It was reported on November 21 that the disease had been discovered in the Wichita stockyards, conveyed

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Luster With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

there through hog serum from Chicago. This, however, proved to be a false alarm. Twenty-one shipments into Oklahoma just prior to this discovery, were quarantined and held ten days, until ample time for the disease to develop.

"The shipment of cattle from the Wichita yards just prior to the discovery of the supposed infection was the cause of the quarantining of the stock. We dropped a quarantine on all states north and east in order to prevent the spread of the disease into this state."

Scores Lax Inspection.

"People have become careless, and lax inspection is responsible for the spread of the disease in Kansas. Until the matter is positively settled and the disease is stamped out in Kansas, no more livestock will be permitted to enter this state from any state bordering on the north and east."

"The quarantine regulations will be vigorously enforced until such time as further notice is given that stock may enter the state from the quarantined district."

"The enormous expense to the states and the federal government in fighting this disease might have been minimized had proper precautions been taken in the early stage of the trouble."

"We will not allow any more risks to be run by admission of livestock into this state."
